

Two-wheel drive motorhomes

GENERAL INFORMATION & CONDITIONS for the Discoverer 4 & 6

Please also read your info book provided to you during pick-up of your vehicle. Many tips and important info is contained therein.

Why Africa

When it comes to the sheer concentration of breathtaking scenery, cultural and historic attractions, wildlife, mountains, white, clean beaches, sunny skies, warm nights, modern cities and open spaces like nowhere else, there is simply no other place on earth where so much is to see.

The magnificent Kruger National Park, lovely Swaziland, the beauty of many game reserves, the warm sea water of the Indian ocean, the cultural experience of the Zulu nation in Shakaland, the majestic mountains of the Drakensberg and the stillness of our Namibian country roads. These are just a few of the myriad attractions awaiting you and all within a couple of days of travelling.

Bobo Campers is a company that concentrates itself on rental, development and manufacturing of motorhomes. We are the largest and most experienced camper hire company in SA! We aim to introduce a new motorhome model or major upgrade every year.

Our Discoverer range time line is of the last decade as follows:

2005 - Discoverer 4 version2 and updated Discoverer 5 chassis

2006 - Discoverer 6 and introduction of automatic gearboxes. This will replace the Discoverer 5.

2007 - Discoverer X 4x4 is introduced and updated Iveco Daily chassis.

2008 - Discoverer Deluxe is introduced. The first rental motorhome with swivelling cabin seats.

2009 - Discoverer X receives updated layout and last few Discoverer 5's are sold to private buyers.

2010 - Discoverer 2 changes its name to Pikanin and is offered through our budget brand Camper-World.

2011 - The new Discoverer Fun is introduced as replacement of the Discoverer 2. Bobo celebrates its 20th year anniversary with a special Anniversary Edition. The new 4x4 Suzuki Jimny Discoverer DJ is also introduced.

2012 - The ageing Discoverer X enters its last year under the Bobo Campers brand. From 2013 it is only available for one more year through the Camper-World brand.

2013 - Discoverer 4 version3 is introduced. Modern design and functionality. Introduction of the Discoverer X replacement, the Discoverer FunX 4x4. This model is very well received.

2014 - Plans are under way for a special introduction of a new model aimed at the younger travellers. a Funky take on travelling.

2015 - The new Discoverer FunX4 is launched at the annual Indaba. a 4-person 4x4 camper. This has never been done before in Southern Africa. That's why we did it. The Discoverer Fun is moved to our budget brand, Camper-World.

2016 – The Discoverer Fun is discontinued and not replaced. The Discoverer DC 4x4 makes it's debut. This double cab roof tent boasts luxuries like extra large tents, automatic gearboxes, large fridge/freezer with tilt function and two full spare wheels.

2017 – The FunX4 has been discontinued. These chassis are now used for our new model, the Discoverer DC Budget. Currently only available directly from the Bobo Campers website.

TERMS AND CONDITIONS

1. Hire of camper

Leisure Enterprises SA (the owner) hires to the customer this vehicle in terms of these general conditions of hire.

2. Deposit and hire charges

(a) The customer shall give to the owner a deposit slip. This is not returned to them immediately after the rental and will be kept for a further 3 months after the end of the hire period for traffic fines and unreported accidents.

(b) The hire charges, at the rates signed for, are payable in advance unless otherwise arranged.

(c) The customer shall pay for any damaged item that belongs to the owner when an excess applies.

3. Rental Period

(a) The initial period for which the Camper is hired shall be stated on the contract.

(b) The hire period shall commence when the customer takes delivery of the Camper, and shall end when the owner accepts the return of the camper.

4. Camper in good order & repair

(a) The camper shall be deemed to be in good order and repair and fit for the purposes for which it is intended when delivered to the customer, unless the customer notifies the owner of any defects immediately on taking delivery of said camper,

(b) The owner shall, in its sole discretion decide whether the camper is defective or unfit for the purpose for which it is intended, and shall be entitled to terminate this agreement and refund the deposit and any hire charge paid, or shall replace the defective camper.

5. Breakdowns and repairs

(a) The customer shall, maintain the camper and its belongings, in good running order and repair to the standards required by the owner until the camper is returned to the owner.

(b) All campers are current models, but minor problems can always arise. Minor repairs done while travelling by the customer could be reimbursed on presentation of a receipt on return. The customer shall immediately notify the owner of any breakdown.

The owner shall be entitled to repair or replace the camper at his cost, unless the owner in its sole discretion, determines that the breakdown is due to improper use or involved in an accident caused by hirer or third party, in which event the customer shall on demand, reimburse the owner with all costs incurred as a result of the breakdown.

(c) The customer shall return the camper in a clean state and in good order and repair, fair wear and tear excepted. In the event of the camper or any of its belongings being lost destroyed or damaged as a result of any cause prior to the return of the camper, the customer shall be liable to make good the replacement cost thereof and hire charges continue until the customer has paid for or replaced the lost camper and/or its belongings.

(d) Bobo Campers must be allowed a realistic time frame to attend to any breakdown or problem before any lost time claim can be successful. As a rule, 24 hours should be sufficient to solve a problem before claims can be submitted.

Air conditioner and fridge failures can take longer depending on the country in which customer drives. We also do not take responsibility for ANY damages or claims arising out of fast speeds and/or long distance driving on the washboard roads (especially C-roads) in Namibia. These include all air conditioners, radiators, tyres and suspension systems.

6. Use of camper

(a) The customer acknowledges that he is aware of the purpose for which the vehicle was designed, as well as all safety and maintenance procedures which are required of the vehicle by any lawful authority, and shall only use the vehicle for such purpose, and shall comply with all such safety and maintenance procedures. The customer shall be liable to and hereby indemnifies the owner for all damage or loss suffered by the owner should the vehicle be used for any other purpose, or should the customer fail to comply with any required safety and maintenance procedures.

(b) The customer shall use the camper at its own risk. The customer shall have no claim of any nature against the owner of the vehicle, for any loss suffered or damages sustained by the customer arising from any cause, including, without any limitation, the use of the camper and provisions thereof. We also do not take responsibility from damages arising out of fast speeds and long distances driven on the washboard roads in Namibia.

7. Access

(a) The customer shall, at all times, be fully responsible for the camper prior to the return thereof, and shall return it to the owner at the expiry of the hire period or on cancellation of the agreement.

(b) The owner shall at all reasonable times be entitled to have access to the camper, for the purpose of inspecting or repairing the vehicle.

8. General

(a) We, the owners, will be responsible for hotel or other accommodation due to the immobilisation of the vehicle for reasons beyond the fault of the driver, and will make refunds for time lost while the vehicle is being repaired, at our sole discretion.

(b) The customer is liable for all traffic offences incurred whilst the vehicle is on hire.

(c) Refrigerators, stoves, air conditioners and microwave are checked by the owner and the client before every rental, consequently we do not accept liability for any possible malfunction of these units during the rental period.

(d) The vehicle must be returned by no later than 4 pm on the last day of hire or an extra day could be charged.

Permitted area of travel for Discoverer 4 & 6

All campers are allowed to travel on any properly tarred surface. Good smooth sand roads (non-corrugated) are also permitted. There are areas however that are not suitable for driving with a camper.

These are: the Swartberg Pass (SA), the Sani Pass (SA), Kalahari Gemsbok Park (also called Kgalagadi Transfrontier Park), The road to the Sentech Towers in Marakele Park (SA), Baviaanskloof Pass (SA), all of Mozambique, all of Malawi, all of Angola, Zambia further than Livingstone, all 4x4 trails, the Skeleton Coast Park (Namibia), the short road from Hobas to the Viewpoint (Fish River Canyon), Van Zyl's Pass (Namibia), any sand dune, Sandwich Harbour (Namibia), the entire Kaokoland (Namibia), the Okavango Delta (Botswana) the Makgadigadi Pans (Botswana), narrow and steep single lane mountain passes and any road in South Africa, Swaziland, Lesotho, Botswana and Namibia that do not adhere to the condition of roads as mentioned above. D, G or F-marked roads in Namibia (e.g. D4130 etc). Travelling in Zimbabwe is not allowed, since items like fuel or food are currently not always available. We also do not take responsibility for any damages or claims arising out of fast speeds and/or long distance driving on the washboard roads (especially C-roads) in Namibia. These include all air conditioners, radiators, tyres and suspension systems.

Due to weather circumstances Bobo Campers has the right to restrict road or areas.

Telephone costs

We do not reimburse costs incurred through telephone calls to our offices or staff. Customers are advised to purchase a local SIM card instead. The costs for local calls are usually much cheaper.

Vehicle substitution

Bobo Campers reserves the right to substitute, under special circumstances, the desired vehicle with an equal or better vehicle without prior notice before the start of any rental period.

If a vehicle needs to be substituted because of an accident or mechanical problems, and the hirer refuses to accept this replacement vehicle as stipulated above, the hirer is seen to terminate the contract, and no reimbursements will apply.

Vehicle substitution replacement costs because of an accident or mechanical failure making the vehicle unable to drive caused by own fault or negligence, illegal driving (driving on the wrong side or under the influence of alcohol/ drugs or parking and/or water damages) will be for the hirers' account. This includes towing the damaged vehicle to the nearest depot.

We also do not reimburse costs made through telephone calls. The client is advised to purchase a local SIM card. These costs are usually much cheaper. Driving distances can be great and Bobo Campers must be given a realistic time to cover a distance before lost holiday time becomes a factor for a claim submission.

Non-essential items like air conditioners can take longer (up to two days) to be repaired, depending on the country or area the customer is travelling in. As a general rule Bobo Campers has 24 hours at its disposal, starting from the time we are informed of the breakdown to solve a problem before lost-time compensation becomes applicable. In other countries like Namibia (for example the Caprivi Strip), Botswana or Zambia, a more realistic time is sometimes needed. We also do not take responsibility for ANY damages or claims arising out of fast speeds and/or long distance driving on the washboard roads (especially C-roads) in Namibia.

These include all air conditioners, radiators, tyres and suspension systems.

Breakdowns

In the unlikely event that a breakdown occurs, please contact the stand-by mechanic on the number as per your contract. Before phoning, please consult your Info Book. It might not be necessary to make contact.

Please state your breakdown and listen to the mechanic. He has proper knowledge on mechanical issues. Please follow his advice carefully. The mechanic will ask certain questions relating to oil and water levels, warning lights etc. Please follow their instructions carefully. His advice will also be the best in the situation. Please always follow the advice of the mechanic. This is very important to avoid further damages.

Accidents:

The risk of an accident in Africa is many times higher at night than during the day.

By law all accidents must be reported to Bobo Campers and the local Police within 24 hrs. If you are in a remote area all reasonable effort must be made to report an accident within this time-frame.

Failing to report accidents voids all insurance cover and the hirer becomes fully liable for all cost.

Take as many photographs of all vehicles involved as well as involved persons and their drivers licenses and their personal details.

Obtain an AR (accident report) number from the police on the scene. This proves the accident was registered by the police.

If the rental vehicle is involved in an accident or other incident, and is not drivable, a replacement vehicle, if available, may be collected from the closest branch. If the hirer requires a replacement vehicle to be delivered, then these charges will be for the hirer's account. None of the excess reduction options cover this process.

The hirer is responsible for the full recovery (e.g. towing) of the damaged vehicle to the nearest rental depot.

Should there be no replacement vehicle available, no refund for lost rental days will be considered.

If the hirer is unable or unwilling to take a replacement vehicle, no refunds for early termination of the contract will apply. No refund of rental days lost or accommodation costs will be considered during the period in which a replacement vehicle is being organized.

Should the hirer continue with a replacement vehicle then a new rental contract and insurance conditions will apply.

Currency fluctuations

All credit card transactions are conducted in South African Rand (ZAR). Due to exchange rate fluctuations there could be some variance in the amount refunded compared to the amount initially charged. If a credit card is presented as payment, the credit card holder will be jointly and severally liable as a customer.

Drivers license

A valid non-endorsed national driver's license together with a valid international drivers license is required. Drivers must be minimum 21 years or 23 years (for 4x4 vehicles - see under our 4x4 terms).

Personal injury and belongings

Personal injury and belongings are not covered by our insurance. The client is therefore responsible to obtain his or her own travel insurance in advance.

Traffic fines/ penalty

Should the customer receive a traffic fine(s), Bobo Campers will notify the customer via email. The amount of the fine plus an additional admin fee of R150 will be charged to the customers' credit card. On request, Bobo Campers will email a scanned copy of these fines. It can take up to three months for traffic fines to reach our office.

INSURANCE CDW 2018 (Collision Damage Waiver)

Minimum age of driver is 21 years with valid international and national drivers license. Basic excess is applicable on all vehicles involved in a collision or accident – this is R53000. This is included in the rental contract.

If this option is taken, the hirer is liable for the first R53000 damage to a vehicle or third party vehicle / property. This excess can be paid by cash or credit card (a manual imprint of the credit card will be taken) and the amount will have to be authorised by the bank).

Taking the following options can reduce this excess:

CDW Midi is from 3 days onwards. This daily fee reduces the excess to R19000

CDW Maxi is from 8 days onwards. This reduces the excess to Nil (see exclusions below).

The hirer is responsible for the following damages under any circumstances with no CDW waiver applicable:

- Engine damages due to negligence or abuse (e.g. failed to respond to dashboard warning lights).
- Clutch failure due to driver abuse (e.g. burnt pressure plate due to excessive slipping, shredded clutch plate).
- Any water damages due to water entering the engine or drive shafts.
- Roll-over damages of any kind without exception – incl. speed, loss of control etc.
- Illegal behaviour, negligence, or a breach of law (e.g. speeding, illegal parking, driving on the wrong side)
- Driving under the influence of drugs or alcohol.
- Driving on restricted roads / areas.
- Vehicle was driven by person other than permitted driver as stipulated in the contract.
- Towing costs, if required, for all above damages.

Roll-over explanation

a Roll-over is defined as a vehicle sustaining all types of damage due to not being in its normal position – on all 4 wheels. Just by lying on its side a vehicle is seen as a having rolled-over. Roll-overs that were not caused by a collision (with another vehicle for example) are not covered by any CDW insurance. These incident occur very rarely and should not happen if the driver sticks to the speed limit, scans the road and is awake.

Towing cost

In case of damage to any part of a motorhome it must be assessed if the unit is drivable. If not, the vehicle must be towed to the nearest depot by a reputable towing company authorized by Bobo Campers.

Towing & recovery costs arising due to any type of accident to be paid by the customer irrespective of CDW option.

Gauteng Road Taxes

From December 2013 the main Gauteng roads are subjected to E-Tolling. Large gantries have been erected where all vehicles that drive underneath them are charged according to their classification.

Many fixed toll booths throughout South Africa also records toll cost automatically when a camper approaches.

This system means that there is an additional levy of R800 is raised on all rentals departing and/or returning at our Johannesburg depot. When the E-toll statement arrive at our offices we will charge for the incurred fees and add an admin fee. The remaining amount will be refunded to the customer.

Tyre replacement

If a tyre needs to be replaced it is important to ensure that both the ply rating (8ply Commercial) and size are corresponding to the tyre it replaced on the vehicle. This to ensure maximum safety and function. Replacement tyres of the wrong size or ply rating will not be refunded.

Dust ingress

Southern Africa is predominantly an arid desert region and the majority of secondary routes travelled, are on unsealed dust or gravel roads. It is not possible to make vehicles dust-proof and therefore refunds or claims for any dust ingress of any nature, will not be considered.

Four-wheel drive campers

GENERAL INFORMATION & CONDITIONS for the Discoverer FunX and DC 4x4

Please also read your info book provided to you during pick-up of your vehicle. Many tips and important info is contained therein.

Drivers license

A valid non-endorsed international driver's license together with the national drivers license is required. Drivers must be 23 years or older for our 4x4 vehicles. SA citizens only need to present their valid drivers license.

Change of requested vehicle

Bobo Campers reserves the right to substitute a comparable or superior vehicle should the requested vehicle not be available due to unforeseen circumstances. This shall not constitute a breach of contract and does not entitle the hirer to any refund.

Telephone costs

We do not reimburse costs incurred through telephone calls to our offices or staff. Customers are advised to purchase a local SIM card instead. The costs for local calls are usually much cheaper.

Vehicle substitution

Bobo Campers reserves the right to substitute, under special circumstances, the desired vehicle with an equal or better vehicle without prior notice before the start of any rental period.

If a vehicle needs to be substituted because of an accident or mechanical problems, and the hirer refuses to accept this replacement vehicle as stipulated above, the hirer is seen to terminate the contract, and no reimbursements will apply.

Vehicle substitution replacement costs because of an accident or mechanical failure making the vehicle unable to drive caused by own fault or negligence, illegal driving (driving on the wrong side or under the influence of alcohol/ drugs or parking and/or water damages) will be for the hirers' account. This includes towing the damaged vehicle to the nearest depot.

We also do not reimburse costs made through telephone calls. The client is advised to purchase a local SIM card. These costs are usually much cheaper. A valid non-endorsed national driver's license together with a valid international drivers license is required. Drivers must be 21 years or older (23 years of age is applicable for 4x4 vehicles - see under our 4x4 terms)

Personal injury and belongings

Personal injury and belongings are not covered by our insurance. The client is therefore responsible to obtain his or her own travel insurance in advance.

Traffic fines/ penalty

Should the customer receive a traffic fine(s), Bobo Campers will notify the customer via email. The amount of the fine plus an additional admin fee of R150 will be charged to the customers' credit card. On request, Bobo Campers will email a scanned copy of these fines. It can take up to three months for traffic fines to reach our office.

CDW Insurance options Discoverer FunX and DC 2018 season

The maximum risk for the customer is R53000 under normal circumstances. This is included in the rental contract. If this option is taken, the hirer is liable for the first R53000 damage to a vehicle or third party vehicle or property. The excess can be paid by cash or credit card (a manual imprint of the credit card will be taken and the amount to be authorized by the bank).

- Collision Damage Waiver (CDW) options:

We offer 2 insurance excess reduction options. To reduce excess one of the following options can be chosen: CDW Midi is from 3 days onwards. This daily fee reduces the excess to R19000
CDW Maxi is from 8 days onwards. This reduces the excess to Nil (see exclusions below).

- CDW Exclusions:

The hirer will be fully liable for any damage to the Bobo Campers or third party vehicle or property (CDW is cancelled and maximum damage as per quote is payable by the customer) under the following circumstances:

- The terms of the rental contract are breached.
- Damage to the vehicle is caused by careless or reckless driving.
- Any damage or mechanical failure sustained while driving on any 4x4 man-made leisure track specially designed for the purpose of leisure or testing your off-road driving abilities and usually require an entrance fee to make use of and is not part of a public road.
- Damage to the vehicle caused by incorrect use of the clutch (for example slipping or dropping the clutch), gearbox (for example using 4x4 mode while driving on tar roads).
- Damages to the drive shafts due to pot holes, drifts or any other obstacle.
- Illegal behaviour, negligence, or a breach of law (e.g. speeding, illegal parking, driving on the wrong side)
- Driving under the influence of drugs or alcohol.
- Driving on restricted roads / areas.
- Water submersion or water damages in engine or in drive shafts are caused.
- Any roll-over damages of any kind – no matter at what speed or how it happened. See a roll-over explanation in this document.
- Failure to switch off the engine when dashboard lights indicate a major problem e.g. oil light, radiator water level or temperature gauge.
- Vehicle was driven by person other than permitted driver as per contract.
- All towing costs (when required) to the nearest depot.

- CDW terms for Mozambique

You are allowed to drive your 4x4 camper in Mozambique. However, this country is not fully geared for self-drive as yet. This does not mean that self-drive is not possible. For travelling in or through this beautiful country an extra CDW excess is applicable.

There is a separate excess of R7000 or any damage to the vehicle. In the event of the vehicle having to be towed, the customer will arrange to have the vehicle towed to the nearest depot.

The towing costs, as well as any other damages related to the towing of the vehicle, do not form part of this excess and will be for the customer's account.

Namibian CO₂ Taxes (only for 4x4 range)

As from 11 July 2016 all Namibian custom borders have implemented a CO₂ tax for all South African registered double cab, SUV and sedan rental vehicles. This taxation is applicable when starting or ending at our Windhoek depot. Currently it is charged at R450 per contract irrespective if some rental days are spent outside the borders of Namibia. Applicable on all our Discoverer FunX and DC models.

Roll-overs

Both the Discoverer FunX and DC range are higher than a conventional vehicle. This means that the centre of gravity is also at a higher point. This increases the risk of a roll over occurring. A roll-over is defined as a vehicle sustaining all types of damage due to not being in its normal position – on all 4 wheels. Just by lying on its side a vehicle is seen as having rolled-over. Roll-overs that were not caused by a collision eg. another vehicle are not covered by any CDW insurance waiver options. The vehicles' final resting position is irrelevant. These incidents occur very rarely and should never happen if the driver sticks to the speed limit, scans the road ahead and is fully awake.

Towing cost

In case of damage to any part of a motorhome it must be assessed if the unit is drivable. If not, the vehicle must be towed to the nearest depot by a reputable towing company authorized by Bobo Campers. Towing and recovery costs arising due to any type of accident is to be paid for by the customer irrespective of CDW.

Tyre replacement

If a tyre needs to be replaced it is important to ensure that both the ply rating and size are corresponding to the tyre it replaced on the vehicle. This to ensure maximum safety and function. Replacement tyres of the wrong size or ply rating will not be considered for a refund.

Dust ingress

Southern Africa is predominantly an arid desert region and the majority of secondary routes travelled, are on unsealed dust or gravel roads. It is not possible to make vehicles dust-proof and therefore refunds or claims for any dust ingress of any nature, will not be considered.

Permitted areas of travel for the Discoverer FunX and DC range

Vehicles may be taken into South Africa's neighbouring states but are not allowed into Angola, Democratic Republic of Congo (DRC), Tanzania or Malawi. Driving on 4x4 leisure Tracks that require an entrance fee or club membership are also not allowed.

All insurance cover is void if vehicles enter these prohibited areas and will result in a breach of contract.

The 4x4 is used for driving terrain that is usually inaccessible with a normal two-wheel drive vehicle.

Dangerous and irresponsible manoeuvres to test the abilities of the camper to the limit are not allowed under any circumstances as they are dangerous. All towing costs to the nearest depot are for the customer's account.

Bobo Campers reserves the right, at its sole discretion, to restrict vehicle movements in certain areas due to adverse road or weather conditions, political situations or any other reason.

Any driving on sand dunes and the Van Zyl's Pass in Namibia is not allowed. Remember that you should never test the abilities of the Discoverer FunX or DC range to the fullest, and that you will be liable for the full repair costs if accidents, mechanical damage or roll-overs happen here. Please ensure that the departure, approach and roll angles are observed as in the info manuals. Bobo Campers has the right to restrict road or areas at times.

Discoverer FunX and DC points:

- Never use 4WD (4H or 4L) mode on tarred roads as serious damage can occur.
- Drive slowly, especially on gravel and dirt roads. Keep to a maximum 60km/h on gravel and 30km/h on soft sand. Try to stay in the existing road tyre tracks.
- Keep large following distances on sand/dirt roads to avoid excessive dust which hampers visibility.
- Ensure you brake for drifts in the road. These drifts can appear suddenly and are not always clearly visible. Driving through them at too high speeds can damage your suspension and more.
- Make sure the transfer lever is not in N otherwise gearbox is not connected to the wheels.

Our vehicles

We have the largest camper fleet in Africa, and growing continuously.

For the 2017 season our fleet is no older than 2014 and consists only of good condition vehicles.
