License and Minimum Age

A valid driver license from any country or an International Driver License is accepted when accompanied by a valid passport for a period of 90 days. The minimum age is 25 years.

IMPORTANT

The renter is fully liable for any damage to the vehicle or third party property if:

1. The terms of the rental contract are breached.
2. Damages sustained whilst the renter/driver is in breach of any traffic laws or ordinances.
3. Damage to the vehicle which is caused by careless, willful or reckless driving.
4. Driving under the influence of alcohol or drugs.
5. Driving on restricted roads.
6. Water submersion or salt water damage
7. The vehicle was driven in a country in which written approval was not obtained from RV Peru.
8. Damage to undercarriage.
9. Incorrect use of diff locks and/or transfer cases, i.e. driving on tar roads with diffs engaged.
10. Punctures and tire damage.

The Hirer agrees not to use the unit for purposes different to the ones intended. All damage to the vehicle caused by inappropriate use will be the sole responsibility of the Hirer, even if the cost of repairs, etc. exceeds the deductible. RV Peru SAC will not be responsible for any loss (delays, losses, expenses, vehicle replacement, etc.) derived from such use.

Repairs

Necessary repairs of up to US\$ 100.00 may be affected without authorization and will be reimbursed. Amounts above US\$ 100.00 require approval from RV Peru.

Driving the Camper

All of the vehicles' controls are easy to use. However, keep in mind that it will probably take you a while to become familiar with all of them. Take your time to adjust the driving seat, mirrors, check lights, radio, etc. All our units have manual transmission. They have a 100 km/hr cruising speed.

Driving in Peru is quite challenging; many drivers in Peru tend to drive aggressively; just be aware of it and act defensively. We recommend driving only during daylight hours.

Campers can only be driven on publicly maintained sealed, bitumen and gravel roads in Peru.

Always be aware of the oversized dimensions of a camper!! Keep in mind the height of the vehicle when near trees, overhead cabling, parking structures, etc.

Police highway check points are common in Peru. They will ask you to see a valid driver's license, vehicle registration, and proof of insurance. You should have no problems as long as you can show them the above mentioned documents.

Insurance

Transporting additional passengers or load is not allowed and will cancel the insurance protection.

The hirer shall report immediately any accident.

The Hirer acknowledges that he/she shall: be liable for the first \$1,000 deductible (each accident/damage) of the cost of repairs or salvage following loss of or damage to the vehicle and contents, accept liability of his/her parking and traffic violations, authorize the use of the above credit card for this agreement and rental/insurance when owing. Note: In case of rolling the vehicle, the deductible amount is \$5,000.

There is no insurance coverage if an accident (damage, injury, or loss) happens when the vehicle is being used by anyone who is under the influence of any intoxicating substance (drug, alcohol, etc.).

All damage caused by off-pavement driving to the tires, shocks, front end, windshield, and tanks/piping/cabling underneath the vehicle and other parts of the unit will be the sole responsibility of the Hirer. Clutch replacement or damage due to client negligence is not covered with any of the insurance option.

General

Any claims or legal action in connection with the provision of our services to the client will be governed by the laws of Peru.
